Terms of Service

Version 1.0 · Effective 13 October 2026

---

1. The agreement

These terms apply between gcsebusiness and (a) the school or department holding a licence (the “School”) and (b) the staff and students using the platform on the School’s behalf. Creating an account or using gcse.business means accepting them.

2. The service

gcse.business is a learning platform for Edexcel GCSE (9–1) Business (specification 1BS0): teacher-built and AI-generated quizzes, AI examiner marking of written answers, analytics and reports, flashcards and gamification, installable as an app. We keep the service improving; we will not remove core functionality during a licence term.

3. Accounts

Teacher accounts are for school staff; student accounts are created and managed by the School. Each account belongs to one person — keep credentials safe. Student logins are recoverable by the class teacher, so students must never reuse a personal password here. Tell us promptly about any unauthorised access.

4. Acceptable use

You must not:

- share logins with anyone outside the School;
- use the platform to impersonate, harass or disrupt others;
- attempt to break, overload or reverse-engineer the service, or extract the question bank in bulk;
- upload unlawful material in quiz briefs, answers or feedback.

Teachers should review generated questions before assigning them — every question can be edited first, and the teacher’s judgement is final.

5. Content and intellectual property

- **Our platform materials** (software, question bank, notes, mark schemes, characters, branding) are owned by gcsebusiness and licensed to the School for the licence term, for classroom and student use. No resale, and no redistribution outside the School.

- **Your content** (class lists, quiz briefs, custom questions, feedback you write) remains yours; you give us the limited licence needed to host and process it to run the service.
- **Student work** remains the student's and the School's; we display it only to the student and their teachers.
- **Generated quizzes** may be printed and used in class by the subscribing School while its licence is active.

6. AI marking and academic judgement

AI marks are assistive. Teachers can review and override any mark, and exam-board mark schemes and teacher judgement always prevail. The platform is a revision tool, not a promise of exam outcomes.

7. Availability and support

We target 99.5% monthly availability, excluding planned maintenance (announced by email and scheduled outside school hours where possible) and events beyond our control. We act promptly on significant outages, but the department licence carries no uptime service credits. Support: hello@gcsebusiness.co.uk, answered within one school day.

8. Fees

Fees are as invoiced — a department licence, annual, with no per-student charges. If the service materially fails within 30 days of purchase, we will, at the School's choice, fix the issue or refund the unused portion of the term.

9. Ending the agreement

The School may stop using the service at any time. We may suspend accounts for breach of these terms, after warning where practical. On termination, student data is deleted or returned as described in the Data Processing Agreement.

10. Liability

The service is provided as-is to the fullest extent the law allows. Neither party is liable for indirect or consequential loss (for example, lost teaching time). gcsebusiness's total liability is capped at the fees paid in the 12 months before the claim. Nothing in these terms limits liability for death, personal injury or fraud.

11. Changes to these terms

We will email the School at least 30 days before material changes take effect; continued use after that means acceptance.

12. Governing law

These terms are governed by the law of England and Wales, and the courts of England and Wales have exclusive jurisdiction.

13. Contact
